"Controlled"- The Detroit Police Department, Michigan State Police and Windsor Police Service will allow vehicles to cross the course at major intersections when it is safe to do so. Expect extended delays at peak runner times. No vehicles, motorcycles or bicycles are allowed on the course unless on official marathon business.		
"Restricted"- The course is open to runners and vehicles at the same time, in close proximity to one another. Runners are segregated from vehicles by barricades or some other physical barrier. We ask that motorists use extreme caution in these areas for the safety of our participants.
